

**simuVAD** | 2018

## III Curso de simulación clínica en el manejo seguro de la vía aérea

Aula Ortiz Vázquez y Centro Avanzado de Simulación y Entrenamiento Clínico  
Hospital U. La Paz

**Madrid**  
1, 2 y 3 febrero  
**2018**

Hospital Universitario La Paz

**information and registration in:**

### PROGRAM

#### **THURSDAY, 1 FEBRUARY 2018**

**15,15h - 15,30 h.**

**Presentation of the course**

Medical Management. Course Directors

#### **BLOCK 1**

#### **SAFE AIRWAY MANAGEMENT**

**Moderator:**

*Dr. Francisco Pérez-Cerdá*

*Hospital U. 12 de Octubre. Madrid*

**15,30 - 15,45 h.**

**Safe airway management in patients with difficult airway**

*Dr. Carlos González Perrino*

*Hospital U. Clínico San Carlos. Madrid*

**15,45 - 16,00 h.**

**Simulation based learning in airway management**

*Dr. Pedro Garrido Ortega*

*Hospital U. La Paz. Madrid*

#### **RADIOLOGICAL EVALUATION OF THE AIRWAY**

**16,00 - 16,20 h.**

**Applications of ultrasound in difficult airway**

*Dra. Paloma Morillas*

*Hospital General U. Gregorio Marañón . Madrid*

**16,20 - 16,40 h.**

**Tridimensional study of the airway with CT**

*Dr. Nestor Montesdeoca*

*Clínica La luz. Madrid*

**16,40 - 17,00 h.**

**Discussion**

**17,00 - 17,30 h.**

**Coffee break**

**BLOCK 2**

**“MASTER CLASSES”**

**Moderator:**

*Prof. Dr. Fernando Gilsanz*

*Hospital U. La Paz. Madrid*

**17,30 - 17,50 h**

**Impact of human factor in the resolution of a difficult airway**

*Dr. Johannes Huitink*

*VU University Medical Center. Amsterdam*

**17,50 - 18,10 h**

**Difficult Airway Society guidelines for management of unanticipated difficult intubation in adults.**

*Prof. Ellen O'Sullivan (DAS)*

*Dublin. Irlanda*

**18,10 - 18,30 h.**

**Supraglottic airway devices: past, present and future**

*Dra. Lorraine J. Foley (SAM)*

*Boston. Massachusetts*

**18,30 - 18,50 h.**

**Complications associated with the use of supraglottic devices**

*Dr. Guillermo Navarro*

*Rosario. Argentina*

**18,50 - 19,10 h.**

**Discussion**

**BLOCK 3**

**AIRWAY MANAGEMENT IN SPECIAL SITUATIONS**

**Moderator:**

*Dra. Mayte López-Gil*

*Hospital General U. Gregorio Marañón. Madrid*

**19,20 - 19,40 h.**

**Airway management in the morbid obese patient**

*Dr. Oscar Valencia*

*Hospital U. 12 de Octubre. Madrid*

**19,40 - 20,00 h.**

**Airway management in the critical care unit**

*Dr. Pedro Garrido*

*Hospital U. La Paz. Madrid*

**20,00 - 20,20 h.**

**Airway management in the pediatric patient**

*Dr. Hernando de Soto*

*Universidad de Jacksonville. Florida*

**20,20 - 20,40 h.**

**Totaltrack VLM. Definitive device?**

*Dr. Pedro Acha*

*Inventor Totaltrack*

**20,40 - 21,00 h.**

**Discussion**

## **FRIDAY, 2 FEBRUARY 2018**

**08,00 - 08,15 h.**

**Preoxygenation and apneic oxygenation: HFNOT: POINT SYSTEM**

*Dr. Oscar Valencia Orgaz*

*Hospital U. 12 de Octubre. Madrid*

**08,30 - 13,00 h.**

- **LIVE INTUBATIONS: Debriefing**

**Moderators: Dra. Maite Portas, Dra Paloma Poza. Dr. Uxío García Aldao**

1. **Awake fiberoptic intubation nasal route (POINT SYSTEM)**  
Live case of HFNOT (POINT SYSTEM) microsurgery of the larynx
2. **Awake fiberoptic intubation oral route. Dexmedetomidin use for sedation**
3. **Inhalation induction with sevoflourane: spontaneous breathing intubation through endoscopy mask**
4. **Bronchial blocker use for lung isolation**
5. **Fiberoptic intubation oral route patient asleep**
6. **Intubation through supraglottic device fiberoptic guided**
7. **Videolaryngoscope intubation in awake patient**
8. **Ventilation and intubation with Totaltrack VLM**

“Inhalation induction“

*Dr. Carlos González Perrino*  
*Hospital U. Clínico San Carlos Madrid*

**“Submental intubation in patients with facial trauma”**

*Dr. Jose Luis Cebrián Carretero*  
*Hospital U. La Paz. Madrid*

**“Out of hospital airway management in emergencies”**

*Dr. Alfredo Serrano*  
*SUMMA 112. Madrid*

## **UPDATE DISCUSSION PANEL**

**Moderator:**

*Dr. Pedro Garrido*  
*Hospital U. La Paz. Madrid*

**13,00 - 13,20 h.**

**Percutaneous tracheostomy: guidelines**

*Dr. Jose Luis Añón*  
*Hospital U. La Paz . Madrid*

**13,20 - 13,40 h.**

**Dexmedetomidine use for sedation in patients with difficult airway**

*Dr. Hernando de Soto*  
*Jacksonville University. Florida*

**13,40 - 14,00 h.**

**Discussion**

**14,00 - 15,00 h.**

**Lunch**

**15,00 - 16,15 h.**

**CASE REPORTS: Fast resolutions and key points**

*Dres. Pedro Garrido, Oscar Valencia, Julio Ontoria*

**16,30 - 21,00 h.**

**Workshop stations, ultrasound. Clinical cases in or and simulation center**

## **SATURDAY, 3 FEBRUARY 2018**

**08,30 - 08,50 h.**

**Airway management in thoracic surgery: clinical guidelines of the SEDAR**

*Dr. Manuel Granell Gil*  
*Hospital General Universitario. Valencia*

**08,50 - 09,00 h.**

**Closing**

*Dres. Pedro Garrido y Oscar Valencia*

**09,00 - 13,30 h.**

**Workshop stations, Ultrasound. Clinical cases in or and simulation center**

**13,30 h.**

**End of the course**
