

4th Update & Advances in Pediatric Dermatology

Madrid. Palacio de Cibeles

30th November and 1st December 2018

Organized by:

CURRICULUM DR. JOHN MCGRATH

John McGrath holds the Mary Dunhill Chair in Cutaneous Medicine at King's College London and is Head of the Genetic Skin Disease Unit, as well as Honorary Consultant Dermatologist at St John's Institute of Dermatology, the Guy's and St Thomas' NHS Foundation Trust in London. His main interests are in genetics and regenerative medicine and how these impact on dermatology and skin diseases. He is involved in several next generation sequencing initiatives to improve diagnostics for genodermatoses and is also chief investigator for a number of early phase clinical trials of cell and gene therapies for patients with inherited skin diseases.
